Custom Hand Quilting Order Form

I do offer a custom hand quilting service for clients who have finished quilt tops and want them to be hand quilted and not machine quilted. I have been hand quilting for over 2 decades and have developed a tiny, heirloom quality stitch.

To have your quilt top or wall art hand quilted, please fill out the form below and mail it to the address above along with payment. Small quilts require payment at the time of the order. Queen size and King size quilts are paid in 2 installments. Half is due at the time of the order. The 2nd payment is due when the quilt top is completed. Please note that the 2nd payment may be more or less than the first payment as you pay only for the hours that I actually spend quilting your top. Photos will be mailed or emailed to the customer showing the completed quilt.

Hand quilting time is 6-8 weeks for a wall hanging, 8-10 weeks for a lap quilt, 10-12 weeks for double size, 14-16 weeks for queen size and 18-22 weeks for king size depending on order backlog and the density of the quilting requested. Please remember, all the quilting is done by hand, not machine so manufacturing time is longer than a mass produced, factory item.

Please call or email if you have questions before submitting your order. Fill in as much of the details as you want to. Design decisions will be confirmed with you prior to completing the work. Send the quilt top not basted into the quilt sandwich. I prefer to baste the quilt sandwich myself as it is almost impossible to hand quilt through the commercial basting sprays and the spray doesn't hold long enough for hand quilting. Machine basting uses too small of stitches and is hard to hand quilt around. Low loft batting (4oz or 5oz) should be supplied as well. Thicker batting does not hand quilt well and the stitches will be bigger. Patterned backs need to be supplied by the client. If you want traditional unbleached muslin, I will supply that myself.

Price List for Custom Hand Quilting

If your quilt size falls right in between the ones listed below, select the next size up. You only pay for the actual time it takes me to quilt your piece. The price ranges are based on years of experience of what it takes me to quilt a piece of these sizes. The pricing is for fairly dense quilting. I will not leave areas unquilted of greater than 3" as this contributes to shifting in the batting.
